1. I guess more charges against some parties of this criminal organization along with Pennsylvania state, and when Sam went to go, and the officer as well as all the others used backing him up, and when I have finished to take a shower, the officers don't come to take me out from the shower room. They opened the shower's door from the bubble and let me walk to my cell on my own without handcuffs and when I was in front of my cell door, that evil inmate took from under his shirt a Swamoo bottle filled with his urine (pee) and used myself completely, and the officer, don't opened the door of my cell until he finished to use myself, and the officer came laughing to see him up and take him to the shower room and when he finished the officer let him walk on his own to his cell next to mine as the officer opened the shower's door from the bubble too, and when he was in front of my cell he threw the rest of his urine (pee) under my door while I was wearing my clothing as they never was in clothing on this place neither, and when he finished to empty his swamoo bottle container, my urine on my cell, the officer opened his door, so he went inside his room, right in front to mine, so please, because his urine (pee) caused this nasty infectious bleeding wound on my body that healed and closed and after two or three weeks it's open. Again, as I am sure you have found some of my blood on my prior letters addressed to you too, is from the wounds on my hands right now opened and some others healing, so please honorable mr. please don't send the four notice of appeal forms attached to this letter to any body out of Pennsylvania state, because the state of Pennsylvania is just another member of this criminal organization, and honorable master, can you please help me to obtain from your honorable court's committee the addresses and zip codes of the police stations and the court's where in Pennsylvania because I requested from the courts over in Pennsylvania and they
